

Hot Tub/Pool/Spa Packs

Selecting an outdoor load center for a hot tub, pool or spa has never been easier.

Square D offers homeowners hot tub/pool/spa electrical protection in either metallic or non-metallic versions with the QO® Hot Tub/Pool/Spa Pack and the new HOMELINE® Hot Tub/Pool/Spa Pack. The QO pack includes a QO Non-Metallic Load Center and an installed QO250 GFCI (ground fault circuit interrupter.) The new HOMELINE pack includes a HOMELINE 50A Outdoor Metallic Load Center and an installed HOM250 GFCI. Along with many other features and benefits, the QO250GFI and the HOM250GFI 2-pole Ground Fault Circuit Breaker are suitable for single or two pole over-current, short-circuit and ground fault protection. The load center and GFCI breaker provide protection for outdoor circuits such as hot tubs, fountains, swimming pools or spas.

QO Hot Tub/Pool/Spa Pack Features:

- QO250GFI - 50A 2-pole QO Ground Fault Circuit Interrupter installed in load center (QO2-4L60NRNM)
- Exclusive VISI-TRIP® Indicator on QO GFCI easily identifies tripped circuit breaker
- Non-corrosive, compact rainproof enclosure will not rust
- Side hinged door for easy access
- Molded interior trim
- Main lug load center designed for applications up to 60 amperes 120/240 Vac, 1 ø 3 wire with ground
- 10,000 amperes short-circuit current interrupting rating
- Cover can be padlocked
- Warranty: 10 years on enclosure, lifetime of the device on GFCI
